

Swope Tells Firemen State Legislature Will Pass Bill For Anniversary Observance; Ladies Night Held Thursday

Bi-partisan support in the state legislature for the bill authorizing a commission and providing funds for the 100th anniversary of the Battle of Gettysburg has been secured, Attorney Donald M. Swope, chairman of the local committee for the anniversary observance, told the Gettysburg firemen and their guests at the firemen's annual Ladies Night dinner at the Moose lodge Thursday night.

Attorney Swope spoke briefly on progress of his committee when he was introduced as an honorary member of the fire department by Past President William G. Weaver. Swope said the bill, introduced by State Senator Donald P. McPherson, is in committee and will remain there "until the state's finance picture clears up." However, he said he had been assured that the legislature will pass the bill setting up the commission and provide funds for its operation.

Seek Auxiliary Sentiment

A number of introductions were made by Weaver, who served as master of ceremonies at the dinner during which the appreciation of the department was expressed to the various persons.

But the principal guests of honor, Weaver pointed out, "are you ladies."

"This annual dinner is a slight token of appreciation on the part of the firemen for your support and your willingness to allow your husbands to leave at all hours when the alarm sounds, and your willingness to put the food back on the stove and wait for hours to serve meals to firemen called out just at the moment they sit down to eat."

Weaver said that cards will be sent to the "wives, mothers and sisters" of the firemen asking if they wish to join an auxiliary. "If sufficient interest is shown a Gettysburg Fire Department Auxiliary will be formed." He described the auxiliary as "not only an organization that can do great good for the fire department but it will also give you ladies a night out while the firemen stay home and baby-sit."

Judge Sheely Speaks

Judge W. C. Sheely, annually the principal speaker at firemen's dinners, told the group that "I am glad to hear that you are forming a ladies auxiliary" and

Says 28 H-Bombs Could Jeopardize 50 Million People

CHICAGO (AP)—A developer of America's first atom bomb believes 28 well-placed H-bomb hits could jeopardize the lives of 50 million U.S. citizens with deadly radioactive fallout.

Dr. Ralph E. Lapp said the strategic bombings could "atomize" and cover with radioactive fallout a vast region containing two-thirds of the nation's industrial might.

The atomic scientist said one hydrogen bomb—if exploded close to the ground—could coat with a potential death mantle an area of 10,000 square miles, comparable to the state of Maryland.

He said the single H-bomb explosion would create a sun-hot fireball three to four miles wide while devastating a large area.

Writing in the Bulletin of the Atomic Scientists, he said a person caught in an H-bomb area can do only one thing—go underground.

SPRINGLIKE WEATHER ENDS

By THE ASSOCIATED PRESS

February was due to revert to its usual shivery self tonight after nearly 36 hours of premature spring weather in Pennsylvania.

The Weather Bureau sent out a cold wave warning today for most of Pennsylvania. Temperatures were expected to drop to zero in some western counties and to 10 degrees in the east.

That's a complete switch from yesterday when temperatures generally were in the mid-50s. Philadelphia had a high of 57 while Pittsburgh hit 55.

The cold wave was moving in from the West and Pittsburgh's temperature had dropped to 22 by 9 a.m., while Philadelphia still had a comfortable 32 at the same hour.

The tumbling temperatures were expected to be accompanied by snow and freezing rain. Pittsburgh prepared for a total accumulation of four inches but most of the East expected only heavy flurries. Strong winds were preceding the snow.

By mid-morning the cold wave was centered over Chicago where the 9 a.m. temperature was a frigid eight below zero.

The chilly blast of winter weather is expected to continue at least through Saturday.

Last Survivor Of GAR Observes 108th Birthday

Mr. Woolson attended the Last Reunion of the Blue and Gray in Gettysburg in 1938.

DULUTH, Minn. (AP)—Albert Woolson, sole survivor of the Civil War's "Boys in Blue," was celebrating his 108th birthday today, with personal greetings from President Eisenhower.

"Such an anniversary is meaningful, not only to your loyal personal friends but to people throughout America who regard with honor the brave men on either side of the conflict in which you served nearly a century ago," the President wrote in a special delivery letter received at the Woolson home last night.

"You have my best wishes for a happy and memorable celebration."

Woolson's only public appearance was the dedication at City Hall of a pedestal holding a bust of the veteran, presented to the city last fall.

Tonight 18 members of Woolson's immediate family will have an informal birthday dinner for him at the home of his daughter Mrs. John Kobus. After that will follow a short open house for some 40 close friends and neighbors.

Woolson says his chief ambition is to "get winter over and take a long walk." He also confides that he expects to live another three or four years.

Even before the letter arrived from the White House, Woolson had some advice for the President on the current Formosa situation: "If President Eisenhower asked me, I'd say let's stay home and mind our own business. I'd caution Ike to stay out of those islands."

This was the first year when Woolson hasn't been out shoveling snow from the sidewalks.

"My advancing years are slowing me down," he explained.

Lincoln: Military Man Of The People

A new and most interesting article on Abraham Lincoln will be published in The Gettysburg Times on Saturday, the anniversary of the Great Emancipator's birth.

The article is a copyrighted feature by Bruce Catton, editor of the new "American Heritage" books, Pulitzer prize winner, historian and journalist, for this anniversary. The title of the piece is: "Lincoln, Military Man Of The People."

It is a well-written and informative article on Lincoln's abilities as a military leader and strategist during the Civil War.

Bruce Catton, author of the piece, also wrote "Glory Road" and "Stillness At Appomattox." He will also be remembered as the speaker at the Chicago Civil War Round Table general meeting in the Eddie Plank Memorial gymnasium several years ago.

A dragnet of 24 police officers at 5 o'clock this morning took into custody two York men, who with two others are suspected of the burglary of Prosperity Cleaners, McCauslin Auto Sales, and Warren Chevrolet Garage here, and Wintrobe's Garage in Littlestown, among a number of other burglaries in other counties and in Maryland.

Cpl. Frank Yercavage and Officer James Treas represented the Gettysburg state police in the dragnet which caught the two men, Woodrow Bennett, 27, and William Green, 26, both of York, as they approached that city shortly after a burglary of a Dallastown garage of approximately \$2,500.

There were 16 state policemen in the dragnet, from Gettysburg, Carlisle, Harrisburg, Columbia and York, and eight York City police and detectives.

Had \$2,200 When Caught

The capture followed several weeks. Bennett and Green were followed for approximately 2½ hours before the policemen pounced on the two and took them into custody. They had \$2,200 on them when their car was stopped.

The officers found the safe looted from the Dallastown garage opened and abandoned about two miles from Dallastown.

Questioned, the men, it was understood, admitted to a number of burglaries in York city, two in York County, the three in Adams County and one at Taneytown.

Two More Picked Up

The York County district attorney and officers continued to question them throughout the morning, meantime taking into custody Roy Glover, about 25, of York and Ernest Frazier, 34, Wrightsville, in connection with the case.

The York district attorney was scheduled to make an announcement later this afternoon concerning the charges that will be brought against the four.

At Wintrobe's garage in Littlestown, the burglars obtained nothing from Warren's where they opened a safe and from McCauslin's where they removed the safe, they secured about \$145. Several hundred dollars was in the safe at Prosperity Cleaners where the burglars removed the safe entirely.

St. Luke's Ladies Mark Birthdays

Twenty-eight members were present at the February meeting of the Ladies' Aid Society of St. Luke's Union Church, near White Hall, held Wednesday evening at the church. Miss Donna Lee Wisler was pianist for group singing of the opening songs "America" and "Rescue the Perishing." The Scripture was read by Mrs. Roy Bittle followed with prayer by Mrs. Richard Bream.

Routine business was conducted in charge of Mrs. John H. Hartlaub, president. Reports were heard from Miss Betty Hartlaub, secretary, and Mrs. Guy McCabe, treasurer. The birthdays of the following members were noted: Mrs. Wesley Ambrose, Mrs. Ralph Newman, Mrs. D. C. Shanebrook and Mrs. Glenn Wisler. Only Car at its Price*...

So Smart! So Big! So Powerful!

*You can buy a big, powerful Pontiac for less than many models of the lowest-priced cars!

Whatever you want most in a car—beauty, size or performance—you get it in extra measure in a Pontiac. In fact, when you choose Pontiac the decision comes very easily—because Pontiac alone, at its price, gives you everything!

For example, take Pontiac's distinctive smartness. Certainly there is no question on this point. Pontiac is the one car that stands apart from all the others.

If it's size and big-car sure-footedness you want—Pontiac's your car! Pontiac's long wheelbase—124 inches in the Star

Chief, shown here, and 122 inches in the 860 and 870 series—is the plus wheelbase that provides the roominess, the comfort, the satisfying road-hugging security that only a big car can supply.

As for performance—once you get behind the wheel you have all the proof you need that Pontiac is way ahead in this department, too. Pontiac's spectacular performance starts with the most modern engine of all—the powerful new Strato-Streak V-8—specifically designed for Pontiac's all-new chassis to give you balanced

performance. That means smooth, eager getaway in traffic; power to spare on the open road; and even more of Pontiac's traditional economy, dependability and long life.

All this adds up to a wonderful car and—with Pontiac's remarkably low price tag—a very wonderful buy. Come in soon and talk dollars and cents. If you're in the market for any new car, you'll discover you can easily afford all the pride and pleasure of a big, powerful, luxury-loaded Pontiac.

Today's Talk

MATURITY
How relatively few mature minds there are in the world! Robert Louis Stevenson once wrote that "to know what you like is the beginning of wisdom, and of old age." Youth is restless and is forever trying things out. But with maturity silently becoming an asset the sure and substantial things in life are sorted out and set aside to live by. That's why the advice of elderly people is so sound and worth hearing.

There aren't very many people like Ulysses, with energy to burn, yet with a rich life having been lived. It takes a heap of experience to round out a mature mind. You don't find the "hot heads" among the mature, but you will find the quiet thinkers. The world owes a great debt to its "elder statesmen."

It often takes a long time for some of us to learn the value of maturity. Stevenson suggests that it comes with a settled mind and is the beginning of wisdom and old age. But it is during this period of old age that so much of human wisdom is born and recorded. It's like ripe fruit, of no value until ripe.

I am not in agreement with those who say that a man's best work has been completed before he is at the age of fifty. Most of the progress of the world has been achieved by thinkers and doers far past the age of fifty. The mature mind has substantiality to it. It has reviewing qualities. It knows so much more than it guesses!

With maturity come mellowness and judgment. People listen to those who have traveled and learned, and I might say saved for one's enjoyment and meditation, as well as for the profit of others. We cannot be very happy unless we share of our abundance and scatter it. The richest and most satisfactory period of life is when the mind has matured.

Tomorrow Mr. Adams will talk on the subject: "Roadmenders All!"

GRAVY
The trouble with gravy I pour on my plate
Is not that its calories add to my weight,
But the mess that it makes of my trousers and sleeves
And my shirts and my ties by the stains that it leaves.

Whatever the gravy the cook may prepare
It is dangerous stuff to be handled with care.
For somehow or other, when nicely I'm dressed,
I walk from the table with spots on my vest.

There's something about it that's tricky, I'd say.
It seems disinclined on potatoes to stay.
Instead of on meat, where I like it to be,
Through the prongs of the fork it slips down onto me.

Still spotless the white linen napkin remains;
Though worn to protect me, it picks up no stains.
But my suit of blue serge gets great blotches to tell
That thin or thick gravy I don't handle well.

KREMLIN JOB
SHIFT STUMPS
ALL EXPERTS

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP)—What lies behind the Kremlin shuffle can only be guessed at. There have been plenty of guesses. No one can argue with certainty his guess is right. It's too soon and there's not enough solid evidence.

This writer knows of no one in the government, and reporters have asked plenty of questions, who pretends to speak with positiveness about events in Moscow this week.

Because Georgi M. Malenkov was dropped down to deputy premier, it has been argued he had lost in a power struggle with Nikita S. Khrushchev and that the latter is now the No. 1 man and Stalin's heir as dictator. But there can be an opposite view.

From the time of Stalin's death in 1953 it has generally been understood—and this was also a guess—that his principal heirs, the top Russian Communists, have ruled as a dominant.

Malenkov was a member of this ruling clique. It's possible he has been only a front man from the beginning and now, with reasons still obscure but with his consent, the clique has decided he should step aside for another front man.

His successor as premier, Marshal Nikolai A. Bulganin, has been described as strictly a front man, either for the party or for Khrushchev.

But if a committee is boss, and not Khrushchev at all, the time may come when Bulganin will be told to step aside to make way for Khrushchev or someone else.

Zhukov A Hero
A lot of significance has been read into the appointment of Marshal Georgi K. Zhukov as defense minister. Unlike Bulganin, who is a political general, Zhukov is a real soldier and war hero.

Zhukov's elevation could mean, and has been so interpreted, that the generals have grown strong enough to force the Communist leaders to share authority with them. If that is so, they might in time take full control.

But a contrary view can be offered with as much legitimacy: that the Communist clique asked Zhukov to take the job either because of his ability or to give the impression at home or abroad that the army fully supports the party.

Elmer Confirms
His Owner's Alibi

SAN FRANCISCO (AP)—The elderly man said he wasn't the fellow who had been stealing ducks recently from Spreckels Lake in Golden Gate Park. He told officer Victor Wilcox he was just bringing his pet duck Elmer down for his daily swim.

The man put Elmer's box down by the water's edge. After Elmer swam far out, the man took a breath and bellowed, "Elmer-mm-err!"

Straight back to shore and into the box went Elmer.

Then the man asked Wilcox: "Well?"

FOREIGN POLICY
TO BE REVIEWED

WASHINGTON (AP)—Secretary of State Dulles plans to give the nation next Wednesday a general review of foreign policy developments during the first two years of the Eisenhower administration.

He has accepted an invitation to speak before the Foreign Policy Assn., a private organization interested in international relations, at a meeting in New York City.

This speech is expected to be similar in scope to the address Dulles made Jan. 12, 1954, before the Council on Foreign Relations. That was his now-famous "massive retaliation" speech.

Dulles was reported to have decided to avoid next Wednesday any detailed speculation on the effect of the Soviet Union's change of premiers. Rather, it was reported, he plans to place emphasis on the tinderbox situation in the Formosa Strait.

LIMA, Peru (AP)—An earthquake split a sea wall near Lima Wednesday night, shook some seaside homes from their foundations and caused near panic in movie theaters.

Ten persons were injured trying to run out of two theaters when the quake struck at 11:06:47 p.m. Shouts by calm spectators for order were believed to have averted a stampede.

There were 4,060,000 babies born in the United States in 1954, setting a new record.

MORE TROUBLE
AMONG RULING
REDS IS SEEN

By JOHN M. HIGHTOWER
WASHINGTON (AP)—Top American officials are reported convinced on the basis of careful analysis that there will eventually be more trouble among the little group of men which rules Russia.

The demotion of Georgi M. Malenkov, his replacement as premier by Nikolai A. Bulganin, the emergence of Communist party boss Nikita S. Khrushchev as the strong man of Moscow are regarded as the beginning of a third phase in the struggle for power.

The struggle dates, of course, from Joseph Stalin's death in March 1953. It reached its first climax with the purging of secret police boss Lavrenty P. Beria.

Some Conclusions
Most officials concerned with analyzing Soviet government behavior agree on several conclusions about the shakeup which started the world Tuesday:

1. The massive Soviet system needs a dictator for its most effective operations and tends to produce a dictator when it does not have one.

2. There is more evidence than ever that since Stalin's death the dozen men who boss the Communist system have been caught up in personal rivalries and that these struggles will continue until a new dictator clearly appears.

3. While Khrushchev is the strong man now, his power cannot yet be considered to be firmly established.

Bolsheviks Are Strong
4. The Soviet army has gained in the appearance of political strength and authority but whether it has real weight is uncertain.

5. The Old Bolshevicks are the most powerful group in the Presidium of the Central Committee of the Communist party of the Soviet Union. They are the men, who worked with Stalin from the days of the Russian Revolution.

They include Bulganin, Foreign Minister V. M. Molotov, President Klementi Voroshilov, Lazar Kaganovich and A. I. Mikoyan. Mikoyan recently lost his Soviet government ministry but so far as known remains in the inner party circle.

There is one tendency among U.S. specialists to believe it was the Old Bolshevicks who got Malenkov. The assumption is they did not like his "soft" foreign policy line or his domestic policies which had failed to stimulate industrial and agricultural production.

Mountaineers Snare 15th Cage Triumph By Lacing Western Maryland 95-62

Twelve of 13 players on the Mt. St. Mary's College basketball squad scored two or more points as the Mountaineers walloped Western Maryland 95-62 Thursday evening at Emmitsburg in a Mason-Dixon Conference game.

Jack Sullivan again topped the scorers with 27 points while Sal Angelo landed 16 in addition to turning in a fine performance in rebounding.

The victory gives Mt. St. Mary's a 15-2 season record and a 10-1 conference log. The defeat was the 12th in a row suffered by the hapless Green Terrors.

In the early moments of the game Western Maryland gained its only lead at 5-3 and thereafter it was the Mount all the way. After 10 minutes of action the Blue and White led 29-22 and at half time the score was 45-30.

About midway in the final half Coach Jim Phelan started to pour his reserves into action.

The Mountaineers will meet Baltimore University at Baltimore Saturday evening and Catholic University at Washington, D. C., Monday evening. Both are conference games.

BOWL GAMES FOR CADETS MORE LIKELY

By ORLO ROBERTSON
WEST POINT, N. Y., (AP)—Army's participation in postseason football games, probably the Sugar or the Cotton bowls, had the backing of the U. S. Military Academy's Board of Visitors.

The board, an 18-man group composed of members of Congress, the military and civilians, is strictly an advisory organization but its recommendations carry weight in forming policies.

At the board's annual meeting last night at the Point, Rep. Hebert (D-La.) made the motion to permit post season games. It was seconded by Representatives Teague (D-Tex.) and Johnson (R-Calif.) and met with unanimous approval from the board, headed by Dr. James Baxter III, president of Williams College.

"To all intents and purposes the way has been cleared for the acceptance of a bowl bid by the Army," said Hebert. He said his motion had the backing of Secretary of Defense Wilson and, while not binding on academy authorities, it will be given serious consideration.

Lt. Gen. B. M. Bryan, superintendent of the academy and former Army gridiron star, and Head Coach Earl Blaik both were advised of the board's action. Neither was available for comment.

Although the board's recommendation approved any bowl game, the Cadets probably would be limited to either the Sugar or Cotton Bowl. They are the major bowls not entirely tied up with individual conferences.

Navy broke the ice on bowl games when it sent its team to the Sugar Bowl last Jan. 1, where the Middles defeated Mississippi 21-0.

The local guardsmen sport a 9-1 league record and will take part in a one-game playoff for the Second Battalion championship at a later date. Pfc Jim Hanky was chosen as the captain for the year as the result of his good sportsmanship and fine ball handling.

Hanover Jr. High Here Tonight; Hawks Host GHS

Tonight the Gettysburg Junior High Braves will entertain the strong Hanover Junior High cagers on the local floor in a twin bill.

The Braves varsity lost earlier in the season at Hanover 38-12 while the reserves also lost 40-21. The jayvee game will start at 6:30.

Meanwhile the Gettysburg High Warriors journey to Hanover for a South Penn League engagement with the Night-hawks.

Outstanding in the Adams County League card tonight is the game between Boiling Springs and New Oxford on the latter's floor. Boiling Springs can clinch the title with a victory while a New Oxford triumph would leave the Colonials one game back with but two contests remaining. Other county games include York Springs at East Berlin, Fairfield at Biglerville, and Littlestown at Newville.

TOM GOLA IS WHOLE SHOW FOR LA SALLE

By ED WILKS
The Associated Press

It's difficult to improve on perfection, but if two-time All-American Tom Gola isn't doing just that in college basketball he's making a darn good try.

The magnificent 6-7 center was at his very best as La Salle slowly gained momentum to make Manhattan its 17th victim of the season 76-62 last night. Gola simply was the whole show.

It wasn't until the last 10 minutes, when the Explorers began to pull away, that he got some support from Charlie Greenberg and Frank Blatcher. Before that, he practically battled the Jaspers on even terms all by himself.

Snared 20 Rebounds
He continually tormented the Jaspers with his ball hawking. He passed off beautifully to his mates, and when they missed the layup he generally was ready to tap in the rebound on the followup. He scored 27 points, hitting 12 of 23 field goal attempts.

The Jaspers, who had won 10 straight, thrice had third-ranked La Salle nine points down and held on grimly against a Gola-directed rally for a 37-36 count at the half. Greenberg and Blatcher supplied the finishing kick and in six minutes had outscored Manhattan 14-2, with only a field goal assist from Gola.

Furman Wins Shorthanded
In other games, Holy Cross snowed under little St. Michaels (Vt.) 101-72 with Wally Suprunowicz scoring 32 points. St. Louis U. overran New York U. 87-66 while paired with the La Salle-Manhattan game as a Madison Square Garden double-header. Oklahoma surprised Oklahoma A&M 59-50 by hitting 31 of 36 foul shots for the Sooners' second success in 14 starts.

Furman showed up without flustered Darrell Floyd, the nation's leading scorer, but called on Bob Thomas and Bob Gaines for 25 points each to beat Davidson 96-67. Sophomore Lee Marshall scored 22 for Washington and Lee in an 82-67 victory over Virginia Tech.

Bradley, the NCAA runner-up to La Salle last season, dropped its 14th decision in 19 games by an 87-63 count to Notre Dame.

Dick Groat Ends Service In Army

FT. BELVOIR, Va. (AP)—Dick Groat, one of the nation's better all-around athletes, became a civilian again today after a two-year career with the Army's Engineer Corps based here.

Before entering service, the 24-year-old Duke University graduate from Swisvale, Pa., starred with the Pittsburgh Pirates baseball club and the Fort Wayne National Basketball Assn. team.

Asked about his future, Groat said: "It all depends on the coming baseball season. If I have a good year, I may give up basketball." He plans to report to the Pirates' spring training camp.

Chester, '54 Runner-Up, Faces Crucial Test In Upper Darby

HARRISBURG (AP)—The 1954 runner-up for statewide PIAA basketball honors faces a crucial test tonight in its campaign to recapture the league, district and regional crowns it won last year.

Chester's Clippers face Upper Darby—the last serious threat to Chester's string of 16 victories on its home floor. A victory over the Royals would assure Chester of at least a tie for the Sect. 1 crown of Dist. 1 and probably make them loop champion.

Since dropping the season opener to West Philadelphia, 35-30, the Clippers are undefeated in nine league games. They defeated second place Abington, 60-58, Tuesday night.

Comfortable Margin
The victory gave Chester a comfortable two-game margin over Abington, but the Moon still remains an on-paper threat for a tie.

However, if the Clippers get by Upper Darby, which has a 3-5 record in Sect. 1, they must face only cellar-dwellers Cheltenham and Haverford. A win over either would mean the loop crown.

Elsewhere in the district little Yeaton, which won the state title two years ago, and is favored to repeat for Sect. 2 honors, and Lansdowne, the top challenger in the league, are battling it out for a crack at the district championship.

Strong Bid By Pottstown
In the Ches-Mont League, of Dist. 1, strong Pottstown, the first half title winner, is making a strong bid take the second half and league crowns. Last time out Pottstown downed West Chester, 55-33.

West Chester is the major threat to Pottstown's title hopes. They were Ches-Mont champions last year.

In the South Penn League of Dist. 3, circuit leadership is owned by two new teams for the first time in two years. Defending Dist. 3 champion Chambersburg, which has taken South Penn honors for

AP Reporter Recalls Two Meetings Between Zhukov And President Eisenhower

Editor's Note — Eddy Gilmore was an AP correspondent in Moscow for 11 years, starting in World War II and ending soon after the funeral of Joseph Stalin. He wrote "Me and My Russian Wife," an account of his life in the Soviet Union. Currently assigned to AP's London Bureau, he is just now in the United States on a brief leave.

By EDDY GILMORE
Associated Press Staff Writer

The time was a late summer day right after the war. The place was the Blue Room of Spasskaya House in Moscow. The man slouched easily in a deep leather chair was Gen. Eisenhower.

I remember asking the question, "What do you think of Zhukov?" The general hesitated for a moment. The slanting rays of a setting sun fell across his face. He frowned slightly as he replied.

"Georgi," he said, "is a very decent fellow."

"Do you think we could ever do business with Zhukov?" someone asked the supreme Allied commander who was later to become president of the United States.

Not Good Politician
"Well, left on his own," said Eisenhower, "I believe I could do business with him."

That seemed to be a good endorsement of Georgi Zhukov, Russia's new minister of defense. It filled in with what I knew of this man who was a good soldier, but I'm afraid not a very good politician.

Eisenhower visited Moscow after the war as Zhukov's guest. He received a sports parade atop Lenin's Tomb with Zhukov, attended a football game with him at Dynamo Stadium and was cheered by the Russian people as no American perhaps ever been cheered in Moscow.

I remember Zhukov sitting around a big table in Berlin shortly after the war. Eisenhower was across the table. Field Marshal Montgomery of Britain was down at one end. A French general whose name I can't remember was at the other end.

Prompted By Vishinsky
Beside Zhukov sat the late Andrei Vishinsky, then deputy foreign minister. I stood just behind Zhukov and Vishinsky, so close I could have flicked cigarette ashes down their necks.

Eisenhower made a proposal. When he finished, Vishinsky poked Zhukov in the ribs. He poked him with his thumb. Obediently Marshal Zhukov got to his feet and recited a routine Soviet reaction to what Eisenhower had said. If I remember correctly, it concerned some minor details of setting up a four-power command in Berlin.

Zhukov was still in the full flight of oratory when Vishinsky suddenly grabbed him by the tail of his smart fawn colored military jacket and—with a yank—pulled him back into his seat.

The high esteem in which he was held by Russia's 200 million people, and the fact that he seemed to get along well with Eisenhower, are probably the reasons why Joseph Stalin banished him to the relative wilderness of the Odessa military district after the war, a wilderness from which he did not return until after Stalin's death in March 1953.

Of all the Soviet officials he remains the one who on the face of things seems the sort of fellow Americans might be able to do business with. That is—if the politicians would ever let him do business on his own.

SENATE OPENS CAMPAIGN FOR NEW INDUSTRY

HARRISBURG (P)—A Democratic plan to bring new industry into Pennsylvania by providing state aid for factory construction is under way in the Senate.

A bill setting up a 10 million dollar revolving fund for loans to municipal authorities to build new plants was introduced yesterday by Sens. William J. Lane (D-Washington) and Elmer Holland (D-Allegheny).

The state aid plan, aimed at absorbing the unemployed in new or expanded industrial plants, was proposed by Gov. George M. Leader in last year's election campaign. Lane said the bill, although not strictly an administration measure, is "not opposed" by the governor.

"Sen. Holland and I talked it suddenly grabbed him by the tail of his smart fawn colored military jacket and—with a yank—pulled him back into his seat.

The high esteem in which he was held by Russia's 200 million people, and the fact that he seemed to get along well with Eisenhower, are probably the reasons why Joseph Stalin banished him to the relative wilderness of the Odessa military district after the war, a wilderness from which he did not return until after Stalin's death in March 1953.

Red Probers Will Not Overlap Work

WASHINGTON (P)—The three main Red-hunting committees of Congress have agreed not to duplicate each other's work in the new Congress, Chairman Walter (D-Pa.) of the House Un-American Activities Committee said Thursday.

Walter disclosed that he, Chairman McClellan (D-Ark.) of the Senate Investigations Subcommittee and Chairman Eastland (D-Miss.) of the Senate Internal Security Subcommittee had met privately to work out the no-overlap pact.

over with Democratic caucus," he said, "I believe it will be given administration support."

\$100,000 Limit
Loans up to one third of the cost with a top of \$100,000 would be made from the 10 million dollar fund to municipal authorities desiring to construct factory facilities.

The loans would be made only when the authority is the owner of the land to be built upon, however. No interest would be charged on the loans.

Administering the entire program would be the state Commerce Department, which Leader has said will be his vanguard in the drive for industrial development and redevelopment.

To make the loans the department would have to be "reasonably assured," the bill reads, that rental or rental-purchase payments on the factories will be sufficient to cover construction costs and interest on the authority's bonds.

As borrowing authorities made good the payment of their debt to the commonwealth the money would be made available to other authorities for building purposes, thus keeping the fund revolving.

SEEK \$300,000 HOFFMAN FUND

TRENTON, N.J. (P)—New Jersey filed suit Thursday to recover \$300,000 in state funds which it contends was diverted by the late Harold G. Hoffman, former Republican governor, to cover his embezzlements.

Atty. Gen. Grover C. Richman Jr. brought the suit in Superior Court against the South Amboy Trust Co. where state money was kept. Hoffman, under suspension as director of the state Division of Employment Security at the time of his death last June, was president of the bank.

In a posthumous letter to his daughter, Hoffman admitted embezzling \$300,000 to cover his political campaigns and pay off a blackmailer.

The state claims Hoffman diverted to his own use state temporary disability funds benefit on deposit in the bank. The bank has replied that its records show no such account on deposit.

Democratic Gov. Robert B. Meyner has disclosed that an investigation by his office turned up evidence that Hoffman forged bank statements and certificates to the state treasurer claiming the money was on deposit at South Amboy.

Richman's brief to the court says the money was deposited according to law, could not be withdrawn without the state treasurer's signature, and is therefore still on deposit at the bank.

DUNN PLEASED WITH VERDICT

LAREDO, Tex. (P)—Col. Robert V. G. Dunn said Thursday he is pleased with the outcome of his court-martial and has no plans to appeal the verdict under which he was ordered to forfeit \$150 of his monthly pay for a year.

The court-martial convicted the Air Force officer Wednesday on four of six charges of misuse of Air Force equipment, planes and men. The military court also reprimanded him.

The record showed his base pay is \$666.90 a month. An Air Force officer also receives other allowances.

The maximum sentence for the offense is 11 years and 11 months.

2 Staff Members Resign Positions

WASHINGTON (P)—The Senate Juvenile Delinquency Subcommittee has accepted the resignations of two staff members who wrote a series of articles about delinquency before the group filed a report on its findings.

Sen. Kefauver (D-Tenn.) did not mention the Saturday Evening Post articles in announcing on Wednesday acceptance of the resignations of Herbert W. Beaser as chief counsel and Richard Clendenen as executive director.

Kefauver and other subcommittee members last month had questioned the propriety of the two staff members' outside writing. Beaser and Clendenen contended they had the consent of former Sen. Hendrickson (R-N.J.), who headed the subcommittee last year, but Hendrickson disputed that.

Kefauver, the new chairman, said Beaser will be succeeded by James H. Bobo, of Memphis, Tenn. an assistant counsel to the group since November 1953.

Publisher Appeals Contempt Sentence

NEW YORK (P)—The Federal Court of Appeals decides today on the plea for bail by publisher Albert E. Kahn, sentenced to six months for contempt of court in refusing to supply a grand jury with certain facts about Harvey Matusow's forthcoming book "False Witness."

Kahn, of the publishing firm of Cameron and Kahn, was sentenced yesterday by Federal Judge John W. Clancy.

Kahn's counsel immediately appealed the sentence, and Clancy granted a stay of sentencing pending the Appeals Court's decision on granting of bail.

ABDUCTED GIRL AND FUGITIVE DIE IN FLAMES

JERSEY CITY, N.J. (P)—A wild auto chase ended in flaming death on Thursday for a man and a teenage girl he forced at gunpoint to drive him in a getaway attempt.

The innocent victim of the tragedy was identified as Constance Cobb of Milltown, a pretty 17-year-old brunette.

Police and Middlesex County prosecutor's office identified her captor as Leonard Pasco, 23, whose last known address was Bound Brook. Police said he had a record dating back to 1951.

Constance, who received her driver's permit only Wednesday, drove the car while Pasco held a gun at her neck. It smashed into a Hudson County police patrol car parked as a road block on the Pulaski Skyway.

It skidded, flipped over and burst into flames. The girl and Pasco, trapped inside, burned to death despite police efforts to get them out.

Late Wednesday night, Pasco was picked up by a Milltown patrolman because he looked suspicious. His trousers were soaked to the knees. As Patrolman Hyman Petri was taking him to headquarters, he drew a gun, disarmed the policeman and fled.

He came upon a car parked in a deserted spot in nearby North Brunswick Township. Inside were two young couples, including Miss Cobb.

Pasco ordered all but Miss Cobb out. Then he forced her to drive him north along Route 1. A police alarm was broadcast immediately.

The car was spotted in Elizabethtown, about 20 miles from Milltown, by Motor Vehicle Inspector James Philburn, who gave chase. He said he saw a gun held at the girl's neck. Two motorcycle policemen joined the chase at Newark and pursued the car until it hit the roadblock.

NEW LIFE IN CHRIST

John 3:5-7; Acts 16:25-34; Corinthians 5:17

Key Verse: I came that they may have life, and have it abundantly. John 10:10

Jesus had a caller at night—Nicodemus. Why he came at night is not quite clear. The significant thing is that he came. Nicodemus was a ruler among the Pharisees and a member of the Sanhedrin, the high Jewish court. He was interested in Jesus because of His teachings and the miracles He performed.

Jesus read the mind of His sincere inquirer and His answer to his questions gave an almost abrupt reply. This confused Nicodemus and the Master said, "Do not marvel that I said to you: 'You must be born anew!' Had he been a man of less interest in religion in general and less devoted to his own Hebrew faith he would not have been surprised at the

Master's declaration that he must be born "anew"; or, that he must be "born from above" which is also a correct translation. It was a spiritual rebirth that Jesus required. Since the Father had sent His Son as Lord and Saviour of men He was to be followed in faith.

Jesus said of His purpose in coming in the form of man: "I came that they (men) may have life and have it abundantly." He is interested in all areas of life. He was concerned about man's spiritual life. Man of all God's creation was endowed with immortality. He has a soul, which requires nurturing. He was constantly cultivating those virtues which are of the eternal.

Jesus is frequently called the great Physician. How eager He was to heal the sick! He had no office hours. He restored to health those who were brought to Him, or any He met on the way. Jesus cared for the health and general welfare

of man. The Bible contains many human interest stories in which the Carpenter of Nazareth is, the central figure. He was concerned about the laborer and his life. To Him people were children of God. The image in which they were created was never altogether lost. If covered over with the dust and grime of a sinful life Jesus could make them clean. The only condition is that men come to Him in faith and with repentance. So with Jesus came a new life into the world. Men are offered this life and many have found in it peace of mind and heart. They feel that life "in Christ," as Paul liked to call Christians, opens new fields of service. This brings with it new joys and new satisfactions to the soul.

We find Paul and his companion Silas "praying and singing hymns to God" in prison. Here was a man who formerly had persecuted Christ. The new life led him to sing, and to sing with joy I presume. All he needed was a conversion of heart and a fruitful life of service would follow. There are many men "born anew" in our day and in every generation. The change comes quietly but the result is marked.

I was sent, as my first assignment, to build a congregation in a university city. One of my faithful recruits was a young faculty member. He had recently returned from a study period in Germany. Conrad Hoffman was active in my church and the Christian Association of the campus. While in Europe he had taken studies in religion and become a confessed Christian. He found that he could not give enough time to satisfy him to his teaching and to his Christian work. So he resigned from the faculty. The record of his service, especially with the Y.M.C.A. in the first World War, is an impressive one, too long to give in any detail here. But it may be said that here was a man "born anew." Sen. Martin Sees Dangers In Debt

HAGERSTOWN, Md. (AP) — Sen. Martin (R-Pa) warned here last night that there is danger in rising public and private debt.

"Uncontrolled debt, rising higher and higher year after year," he said, "places a crushing burden on the economic structure of our country and points the way to financial collapse."

EVERYONE WELCOME

Some men are remembered for their deeds . . . the battles they won and the prizes they gained. But not A. Lincoln!

Men still call him "honest Abe," and they take courage in his humility. Men honor his devotion to the principles for which he stood; they esteem his love for humanity; they marvel at his capacities for sympathy, understanding and forgiveness.

History has known few men whose memory could survive the hatreds of war and find sanctuary in the hearts of victor and vanquished alike. But Abe Lincoln belongs to all of America. Christian nobility is revered for itself, whether it wore blue or gray.

As the character of a man can bind up the wounds of a nation, so the Christian faith which moulded Abe Lincoln can build under God a world of peace and understanding. To that proposition our Churches are dedicated.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

GEORGE MEANY TOP MAN NOW IN U.S. LABOR

By NORMAN WALKER

MIAMI BEACH, Fla. (AP) — Patience and persistence have made a onetime Bronx plumber, George Meany, the top man in organized labor.

A stocky, 230-pounder with a cigar constantly clenched in his teeth, Meany is well equipped with wit and ability, but ceaseless pleading after objectives is a major reason for his success.

Pw gave him much chance when, on being chosen president of the American Federation of Labor in late 1962, Meany announced his goal was to merge the AFL with the rival CIO.

Meany Unchallenged
Yet with characteristic diplomatic skill he calmed the jealousies and fears of fellow union chiefs and steered the merger deal through top-level union meetings here this week.

Meany now is the unchallenged choice of all organized labor's moguls, both AFL and CIO, to head the new 15-million-member organization. He seems to have won their complete confidence.

At 60, he is healthy and vigorous, out, and is enthusiastic over his prospective new job.

"He'll Wait, Won't Delour"
He has confided only to associates his plans for organizing new industries and combining weak

unions in allied fields into powerful bargaining groups.

He is the sort who, when balked, is willing to wait to put his ideas across but never will be deterred from his purpose.

It is not generally known but for a dozen years, from 1940 until the late AFL President William Green died in 1952, Meany as AFL secretary-treasurer kept to himself a violent disagreement with many of Green's policies. Green wasn't enough of a strong man to suit Meany. He bided his time and finally won his chance.

This persistence is reflected in a pep talk Meany made to a group of AFL lobbyists a few weeks ago just before Congress convened.

"We may not get what we want this year, next year or even the year after," he said, "but what we want is reasonable and just and we'll win sooner or later."

Meany loves to play golf and gin rummy. He spends a few weeks every winter sunning in Florida. A big man, he once put away great quantities of food but now sticks to a rigid diet. A Catholic, he is a regular churchgoer and a staunch anti-Communist.

The commission said yesterday that the bout is tentatively set for March 15. Contracts have yet to be signed. The fight will be held in either the Music Hall or the Cincinnati Garden.

PROBATE WILL; BAR CODICILS

The will of William G. Gwynn, who died December 31, 1954, at Emmitsburg, was probated in the Orphans' Court, Frederick, Wednesday. The instrument, made in Baltimore and witnessed by Doris C. Kernan and Paul J. Flynn, on November 14, 1952, names Albert F. Wheltie, executor. Two codicils to the will were not admitted because of caveats filed against them.

The will, which is understood to represent a large estate, after providing payments of sums up to \$1,000 to several friends, leaves a property at 108 E. 20th St., Baltimore, to Margaret T. Dickerson, and all the rest of the property is left to the Mercantile Trust Company of Baltimore to set up a trust the income of which is to be paid to Mrs. Dickerson during the term of her life.

Upon her death the trustee is directed to end the trust and convey the estate share and share alike to Upton Bruce Gwynn, Sarah Nash Ruffin Gwynn, Robert E. Lee Gwynn, Ann Ruffin Gwynn (described as living in Norquetta, Paraguay in 1952), C. Littleton Upshur and Henry Walker Upshur.

The will explains that provision is made for Mrs. Dickerson and her husband, Alfred B. Dickerson, "in full payment and satisfaction of any indebtedness" but also provides that should any claim be asserted by them, Mrs. Dickerson shall be barred from sharing in the estate.

The two codicils, one dated July,

ALVIN PROCTOR SPEAKS AT LHS

Alvin S. Proctor, employed by Du Pont's Textile Fiber Department, Wilmington, Del., discussed their role of Du Pont's man-made fibers at an assembly Tuesday afternoon at the Littlestown Junior-Senior High School. He replaced C. N. Bradley Jr. who was scheduled to speak but was called home because of the death of his father.

With Du Pont's Textile Fibers Department for the past three years, Mr. Proctor has held positions at the Kinston, N. C., plant producing "Dacron" polyester fiber, and at the Seaford, Del., nylon plant. He is now engaged in the product information section's program of public speeches, distributive education and processing of some 2,000 requests for information each month.

Proctor started his career as a teacher of retail merchandising, serving as high school coordinator of distributive education in Greensboro, N. C. He was then named acting state supervisor of distributive education for North Carolina, a post he held for two years before accepting a position at the University of Texas to train teachers in the field.

For the following four years, he was employed by Sears Roebuck and Company, holding various managerial positions in the firm's retail stores.

A native of Grimesland, N. C., Proctor received the A.B. degree in social sciences in 1940 from Lynchburg College, Virginia, here he was active in sports and president of the honor council. A former member of the Kinston Chamber of Commerce, he has been active in church and social work. He is married and lives in Wilmington, Del.

Pot Luck

Do you have that valentine for your sweetie? It's fun watching someone select a valentine.

First we have our little eight-year-old boy who wants at least 75 cards for his friends but ONE special for a little girl, age seven. As he enters the store he looks over his shoulder to see if anyone is looking, then eyes the valentines and buys a soda. In a casual way, he "slinks" over to the valentines and, after much deliberation, selects one that reads, "To a Nice Little Girl." After that it's difficult to buy it! The clerk smiles and ask him whom it's for. The poor little boy (if he has courage to buy it) takes his valentine home and resolves, "The heck with girls. Next year I won't buy anybody a valentine."

Our fourteen-year-old youth thinks girls are a nuisance although he does have a "special" girl. He knows it's not a good policy to let her know his feelings, so he selects a beautiful valentine that says, "Do I want you for a valentine?" After opening the card you find, "Nope, I don't want you for a valentine."

The debonair lover selects his valentine with great care. He doesn't care if the salesgirl smiles. His valentine reads, "With all my love on Valentine's Day."

Of course there are a lot more. So come on guys and gals, whether

Pennies! Pennies! Pennies! And all the floor! Such was the scene at Boyd's Restaurant, E. King St., Littlestown, last Saturday evening. For the second year, Arthur Boyd, proprietor, placed a large sign on the wall of the restaurant which read, "Our Polio Campaign Ends Today. All pennies found on the floor tonight will be placed in the jar."

The pennies flew! Customers received their change in coins and tossed them on the floor.

A total of \$32.29 was received.

Mr. and Mrs. Arthur Boyd are shown above with the jar of pennies.

A number of out-of-town guests were present at the monthly meeting of the Ladies' Auxiliary to the Ocker-Snyder Post No. 321, American Legion Wednesday evening at the home of Mrs. Ivan D. Rickrode, W. Myrtle St.

The guests included Mrs. Edgar Myers and Mrs. Laura Walker, Daltown, District Council officials. Mrs. Myers gave a brief resume of their visits to the Perry Point Naval Hospital, Perry Point, Md., where the two have worked for a total of 300 hours during the last three years. The ladies were present in the uniforms in which they work. Mrs. Warren Runkle, Hanover, district director, also a guest, reported on her trip to Washington, D. C., regarding Civil Defense and National Security. Mrs. Runkle commended the local unit on reaching the membership quota and announced that the district is in tenth place in the state for the current membership drive. Mrs. Albert H. Miller Jr., Hanover, past president of the local unit, was a guest and participated in the evening's program.

The February program was in keeping with "Americanism" and included a question and answer dialogue "Me and My Country," presented by Mrs. Elmer W. Gail and Mrs. Vernon J. Study.

Mrs. Ernest R. Sentz, president, presided and the meeting opened with the group singing of "America," the pledge of allegiance and the preamble. Mrs. Ivan Rickrode, treasurer, and Mrs. Charles Marker, secretary, reported. It was announced that the next quarterly meeting of the Four-County Council will be held on Thursday, March 3, in Gettysburg. Members of the local Auxiliary wishing to attend are asked to contact the president, a week before the meeting, so that reservations can be made. An invitation to attend the meeting of the Ladies' Auxiliary to the Harold H. Blair Post No. 14, Hanover, March 10 was accepted. Mrs. Sentz presented the report of the community service and coupon chairman, Mrs. James W. Fager. It was learned that the unit has two beds and three wheel chairs available. Highest Paid Employee Of Civil Service Commission Among Many Who Lose Jobs

HARRISBURG (AP)—The Republican-controlled state Civil Service Commission fired its highest paid employee for "gross insubordination" amid a host of dismissals, resignations and appointments in three other governmental departments.

Howell M. Becht, Harrisburg, was dismissed Wednesday from his \$11,500-a-year post as the commission's executive director. He denied the charge. A Republican, Becht had held the position for five years.

The commission said Becht refused to attend meetings of the agency and failed to issue employment policies interpretations to state agencies as requested by the commission.

At the same time, Mrs. Isabella J. Jones, Pittsburgh Republican, resigned from her \$10,890-a-year post as deputy welfare secretary. Harry Shapiro, Democratic welfare secretary, gave Mrs. Jones the choice of resigning or being fired.

4 Workers Resign
Meanwhile, the state Justice Department announced the resignation of four employees and dismissal of seven others.

Resignations included those from M. Vashli Burr, Ebensburg, deputy attorney general, \$7,698; Robert L. Rubendall, Halifax, deputy attorney general, \$9,624; and G. Raymond Machemer, Williamsport, senior general clerk, \$3,156.

Those fired included Harold E. Martin, Lancaster R. 3, attorney, \$4,260, and Paul P. Wisler, Norristown, attorney, \$3,882.

The justice department also announced appointments which included:

John Sullivan Rosemont, deputy attorney general, \$10,260; Gene G. Silke, Harrisburg executive secretary, \$5,058; Harry J. Rubin, Brownville R. 1, assistant deputy attorney general, \$6,294; John McDaniel, York, advanced general clerk, \$3,546; Edward L. Springer, Coraopolis R. 4, deputy attorney general, \$10,260; and Mark Eby, Lancaster, attorney, \$4,260.

Hire P. R. Consultant
The state Health Department announced the appointment of Miss Mina Wetzig, former medical writer for the Pittsburgh Sun-Telegraph, as public relations consultant at a salary of \$5,058 a year.

Other Health Department appointments included: George W. Livingstone, Wilkes-Barre, senior sanitarian, \$5,058; Walter N. Heine, Millford, sanitary trainee, \$3,270; Martha J. Misuka, Tarentum, public health nurse, \$3,270; Odo L. Baldwin, Harrisburg, senior secretary, \$3,270; Anna D. Clausner, Jefferson R. 1, \$3,270.

Health Department withdrawals included: Don E. Gillung, Brockway, investigator, \$5,448; Charles W. Sa-

FAILS TO FORM FRANCE'S 21ST POST-WAR UNITS

PARIS (AP)—Former Premier Antoine Pinay abandoned his efforts to form France's 21st post-war government Thursday. President Rene Coty announced he would start new consultations seeking a political leader capable of winning majority support in the National Assembly.

Pinay went to the Elysee Palace to announce his withdrawal after first communicating his decision to a meeting of Conservative leaders supporting him. The Cabinet crisis started with Premier Pierre Mendes-France's resignation last Saturday after he was defeated on an Assembly confidence vote.

Leaving the Palace, Pinay said the President had urged him to continue his attempt to organize support but he felt this was impossible.

Coty was expected to call next on Pierre Flimlin, a former minister and MRP member, but observers figured his prospects of forming a government were slim.

This might throw the choice back to the Radical Socialists (moderates), Mendes-France's party. Edgar Faure, finance and foreign minister at the time of Mendes-France's resignation, was the candidate most frequently mentioned from that faction.

Divorce May Cost Another Million

NEW YORK (AP)—Winthrop Rockefeller, whose divorce from Barbara (Bobo) Rockefeller cost him a reported six-million-dollar settlement, possibly may have to shell out another million dollars in lawyers' fees.

In State Supreme Court Wednesday it was disclosed that Rockefeller already has paid out \$500,000 in legal charges, and has another half million to go.

The court action was in answer to a \$100,000 suit filed by Boston Atty. Joseph Sax against both Winthrop and Bobo. Sax charges nonpayment for services rendered in 1951-52.

Bobo contended in court that Winthrop took on all legal obligations connected with the divorce last summer in Reno.

Rockefeller reportedly has not yet been served in the suit.

WILDCAT STEEL STRIKE ENDS

YOUNGSTOWN, Ohio (AP)—U.S. Steel Co. plants in the Youngstown area started back towards full production Thursday after a one-day wildcat strike over one man's health.

Some 175 members of the Independent Brotherhood of Railroad Trainmen struck the Youngstown and Northern Railroad, a U.S. Steel subsidiary, in protest to the suspension of a sick man who refused medical treatment.

The Y&N handles materials between truck roads and U.S. Steel's Ohio works and McDonald plant. Jobs of some 9,000 members of the CIO United Steelworkers were

ASKS TELEVISED STATE PANELS

HARRISBURG (AP)—Regular radio and television discussions of state government by members of the General Assembly were advocated today by Sen. Rowland B. Mahany, Republican floor leader.

"Too many Pennsylvanians are uninformed on the workings of state government and what the General Assembly is doing," Mahany told a newsman.

The GOP Senator suggested that bi-partisan panels be conducted regularly on radio and television stations throughout the state.

"I feel the radio and television stations could sponsor some of the programs as a public service and some of them could perhaps be sponsored commercially," he explained, adding:

"The people of the state should know more about what their General Assembly representatives are doing in the Legislature and the best way to do it would be through radio and television."

"The issues up before both houses," he said, "are issues that will affect the lives of every resident of the commonwealth."

"People should know more about those issues and not just take things for granted," he added. Sen. Mahany urged that the panels be "bi-partisan and free of political implications."

"By having members of both parties on the panel discussing any

threatened since the firm was unable to continue production without the railroad. The CIO union did not strike.

Both the company and the BRT said the strike was not authorized. A. D. Hazen, president of BRT Local 986, said strikers agreed to return to their jobs after the company promised to negotiate the suspension. He said the firm agreed also not to discipline strikers.

The dispute arose, the company said, after it had suspended a man who refused to follow a doctor's orders. He endangers not only his own life but those of other employees, the company contended.

The employee, who was not named, had agreed to take treatment, but only if the firm would pay him for 40 days he had been sick earlier. The company would not agree to that.

BUCKS COUNTY BANKS TO MERGE

DOYLESTOWN, Pa. (AP)—A merger of four banks in upper Bucks County into one institution with assets of 16½ million dollars and capitalization of \$1,814,000 has been approved by stockholders.

The banks are the Quakertown Trust Co., the First National Bank of Perkasie, the Perkasie Trust Co., and the Dublin National Bank. The new bank will be known as the Bucks County Bank & Trust Co.

Shares will be distributed in proportion to the assets contributed with First National stockholders receiving 17 shares in the new bank for each share they now hold. Quakertown stockholders will receive 9.672 for one, Perkasie Trust shareholders 5.45 for one, and Dub-

lin shareholders 3.9 for one. Quakertown President D. H. Erdman will head the new bank. Stockholders agreed on the merger yesterday.

The consolidation must now be approved by national and state bank officials. Dublin and First National are national banks and require approval of the comptroller of currency in Washington. The other banks are state chartered. The new bank will apply for a state charter.

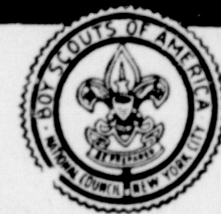

LONDON (AP)—Prime Minister Churchill said Thursday he will eventually seek talk with the new Soviet Premier, Marshal Nikolai Bulganin.

He told the House of Commons, however, a favorable time for him, President Eisenhower and the French Premier to sit down with Bulganin is unlikely to occur before the final ratification of the London-Paris agreements for rearming West Germany in Western defense.

Cadillac

Where Pride Leads to Economy!

This gasoline station isn't accustomed to being ignored by the cars that pass its way. For it resides at the edge of a great desert—and it is many, many miles to the next fueling point.

But the big, handsome automobile you see here swept by without so much as a sign of recognition! For it is a new 1955 Cadillac—and its owner knows that he can travel from his morning's start until his evening's stop without a single refueling.

Of course, when a motorist decides to order his first Cadillac, he isn't usually aware that the car is so economical to operate—and so practical to own.

He wants a Cadillac for what it is and represents—and for the great pride and pleasure it will bring him.

But it isn't long before he discovers where his pride has led him!

He discovers it first when he prices the Cadillac of his choice. Invariably, he is surprised at its relatively modest cost. Not infrequently, he finds that it

actually costs less than the car he is currently driving.

And then, once his Cadillac is delivered into his hands, he discovers how frugal it is with a gallon of gasoline. He finds, as we said, that a full tank is usually sufficient for a full day's drive.

Next, he learns of Cadillac's extraordinary dependability. In fact, he often has to be reminded when the time has come for routine service.

But not until he surrenders his Cadillac to its second owner does he discover the full wonder of Cadillac's economy. For then he learns how amazingly it holds its value—and how little a year's service affects the public's regard for the car.

All this is to say, of course, that you don't have to follow your pride to the "car of cars." You can, if you prefer, make your decision solely on the basis of economy—and still buy a Cadillac!

Come in soon—and see for yourself! We've got the facts—and we'll be delighted to see you at any time!

EISENHOWER BAGS TWO QUAIL IN GEORGIA HUNT

By MARVIN L. ARROWSMITH
THOMASVILLE, Ga. (P)—President Eisenhower, happy over a modest start, tries his hunting luck again today in a quest for south Georgia quail.

The chief executive arrived here shortly before dark yesterday and brought down two birds in an hour's shooting. So did his host Secretary of the Treasury Humphrey. They were 10 under the daily limit of 12.

Aides said Eisenhower was pleased when he managed to bag a couple of birds before darkness brought him back to Humphrey's plantation estate, a 600-acre place known as Milestone. The President had said with a grin as he started out aboard a mule-drawn hunting roadster:

"Well, if we don't find 'em in about 15 minutes, it'll be a bad day."

Flew To Base
The President and Humphrey.

their wives and Mrs. Eisenhower's mother, Mrs. John S. Doud, flew from Washington to Spence Air Base at Moultrie, Ga., 35 miles to the northeast. Also along was Clifford Roberts, New York investment banker and an old golfing pal of Eisenhower.

The party traveled to Thomasville by motor car, and the President—ever though it was close to the dinner hour—changed from business clothes quickly and set out for quail.

When he drove into the Humphrey estate, two teams of white mules already were hitched to a pair of rubber-tired, red-wheeled hunting roadsters. And the bird dogs were all set—yelping impatiently in the cages at the rear of the roadsters.

Beaters Ready
Negro beaters, attired in white coats and red-trimmed white caps, were mounted on horses, ready to get going.

Within 15 minutes after his arrival Eisenhower was ready for the fields. He wore a salt-and-pepper tweed cap, a rust color suede jacket, suede padded hunting trousers, and heavy leather boots. Cradled in his arm was a 20-gauge double-barreled shotgun.

Will Build Center For Handicapped

Torquato said preliminary blue prints for the center have been completed and added that construction will start next fall. He said about 18 months will be required to complete the 300-bed institution.

"The Sweet By And By." A special selection will be sung by a quartette composed of Glenn Flohr, Arthur Crusey, Donald Crusey, and Clyde Herr.

Miss Janet Bowman will be the director, assisted by Clyde Herr, Miss Janet Rex and Miss Ileana Rex will accompany on the organ and piano.

WHITE LEGHORNS
Mt. Hope Strain

These Leghorns are noted for their large eggs early and highly resistant to lousis. This past year we purchased Cockerels direct from Mt. Hope Farms to mate our flocks so you can benefit from the breeding farm.

• NEW HAMPSHIRE BROILER BREEDS
• SEX LINK VANTRESS CROSS

This year we will have them in white in limited amounts. We will have the Reds as before.
